**ADVENT OF WHITE VOTERS.**—Comment upon the apathy of the whites in Mecklenburg during the recent election, and their refusal in many cases to vote, the Charlotte News says:

"When the votes were counted on yesterday, it was found that there were thirty and thirty white men who had registered in this city who had neglected to vote. Three hundred and thirty men, with homes here, and vital interests here, and wives and children, fathers and mothers here—the graves of these ancestors are under the green sod here, who, for some reason not disclosed and entirely immaterial, quietly stayed at home and allowed the negroes and their white Radical allies to carry the county of Mecklenburg! If these gentlemen belong to the class of 'masterly inactivity men,' who are content with the earth, and are quietly awaiting the trump of doom, we think they had better get themselves educated, and be put out of the way of the busy thinking world, who take some interest in subsidiary affairs. Are they too lazy to risk being 'flogged by an African' for their apathy? Men quite as good as themselves did not allow such school-grishness to deter them from doing a sacred duty. Were they in sympathy with the Radical party? If so, for one we would have respected them much more had they openly and honestly voted that way. Instead of shuffling in the background, if they did not know that there was an election, one might pity their ignorance, and feel much disposed to improve the free-school system in this section. If they did not understand the importance of the election, they should have been told by the negroes, who voted more than eight-eighths of their registered strength. In fact as it may, the county of Mecklenburg has good cause of complaint against this delinquent three hundred and thirty."

**ADVENTURERS.**—Those persons of Northern birth, in our midst, who many of our citizens style "Adventurers" not only disarmed their consciences on Tuesday and Wednesday the nineteenth and twentieth instants, but by their conduct in the election, they also shamed those native born men who voted the Radical ticket. We are aware that, without exception, every Northern man in the town of Wilson decided to support the Radical negro ticket, and with but one exception all voted the straight out Wilson-Cardinal, 23d.

From the Raleigh Sentinel.

Captain W. J. Tolar.

We publish the following melancholy letter by request. It will touch a chord in thousands of hearts.

Point Macos, N. C., November 21, 1867.

My dear Sir:—Will you be kind enough to allow me to say to my friends, through your valuable paper, that their opposition in regard to my sentence was correct.

Our sentences have come to hand, at last. The Commission found us guilty and sentenced us to be hung. General Canby approved the findings and sentence of the Court, but mitigated the sentence to fifteen (15) years imprisonment at hard labor. Document is unnecessary. I leave the matter to the judges.

I think God there is a Judgment Day, where the Judge will be One of infinite goodness, as well as of justice, and when many of the judgments of this world will be reversed.

I am, very respectfully,  
Your obedient servant,  
W. J. TOLAR.

P. S. I regret very much to give up your paper. It is the only one I get, and it has enabled me to while away many dull and dreary hours; but I am now in arrears, and with the prospects before me, I could not ask you to send it longer.

the facts in writing will be laid before the President of the United States, as well as the proceedings of the Commission, and that he will feel himself obliged, by the appeals and the thousands of respectable citizens, who are sending up their petitions, to grant a pardon to Capt. Tolar and his associates in misfortune.

**ELECTION RETURNS.**

JOHNSTON.—The Radical candidates, James Hay and Nathan Gully, are also elected in this county.

RANDOLPH.—Radical ticket elected.

ORANGE.—In this county Major John W. Greaham, Dr. E. B. H. Conner, and the voting district, are reported to have gone Radical.

REDFORD.—Has gone Radical owing to the apathy of the whites. Redford is a part of the voting district of Johnston, and is reported to have gone Conservative.

BERKE.—Has also gone Radical. It, together with McDowell, small counties, which are together entitled to three delegates, have probably elected the Conservative ticket, although in small, where it should have been very heavy. Over 60 Conservative white men absented themselves from the election. The vote stands, for Convention, 1,739; against, 330.

**From New Orleans.**—Sentiments of a Radical Newspaper.—The Louisiana Reconstruction Convention, &c.

NEW ORLEANS, Nov. 23.—P. M. The Republican this morning has an editorial headed, "Who is Responsible." In alluding to the suspension and removal by the President of the Reconstruction Convention, it uses the following language: "The day will come, and it will not be long, when the loyal people of Louisiana will hold the authorities of this interference in the progress of reconstruction to a strict account. The people of Louisiana are not yet reconstituted. The Grand Army of the Republic does not recognize the Convention of the Convention. Trial soldiers, with dusky faces, still wear their professional and civil misdeeds. The lowly and humble have learned their rights, and know how to fight, and it need be, to die for them. No one is so stupid as to believe that Gen. Grant can keep the loyal people, in the end, from achieving their own liberty, and trampling to the dust the minions of the old and still dominant slave power."

The same article calls Andrew Johnson "that arch-traitor and assassin." The State Convention met at noon today, and elected negroes as temporary Chairman and Secretary. No permanent organization was arrived at, and the Convention adjourned till Monday. Forty-four negroes and twenty-five whites were present. In caucus Judge Adams secured the choice for permanent Chairman, but it is probable that the negro members will elect one of their own color.

It is understood that the Convention met last night that the first step of the Convention would be to declare all State offices vacant, and to elect new ones. This was suspended and the resolution adopted declaring that in the present condition of the territory, the further purchase of territory is inexpedient, and the House will hold itself under no obligation to vote money for such purchases. district one or more schools, at which all the children of the State between the ages of eight and twenty years may attend free of charge. A. Madison, of the House, moved for the adoption of the following resolution: "Resolved, That the sum of \$100,000 be appropriated for the purpose of providing separate schools for white and negro children as follows: \$50,000 for white children, and \$50,000 for negro children. The resolution was adopted—yeas 51, nays 25.

The reason why the radical majority did not make a statement requiring common carriers to make no distinction between travelers on account of color, was that there was danger of making up the Convention and several members threatening to withdraw if it was adopted. It is highly probable that the proposition to organize a provisional civil government in place of the present State government will be qualified in committee.
